158cm x 168cm

PLEASE NOTE THAT ALL SIZES ARE APPROXIMATE AS WOOL IS A NATURAL PRODUCT AND EACH SKIN VARIES IN SIZE SLIGHTLY.

For the perfect rug we are able to offer a bespoke service, please contact us for details.

How to care for your sheepskin rug

Washing: Machine wash your sheepskin rug on a low temperature or hand wash in warm water. Use a non- biological washing powder. **DO NOT USE** biological washing powder, soap flakes, soap, soap based powder, or conditioner on sheepskin products. Adding 1 tsp of glycerine to the water helps to keep the leather supple

Drying: Allow rugs to dry naturally, either dry flat or hang on a line. Keep away from direct sunlight and artificial heat. When rug is damp stretch from side to side and end to end to keep shape. **DO NOT** tumble dry sheepskin rugs.

Brushing: After washing your sheepskin rug may revert back to it's natural curly state. To restore the rug to its fluffy appearance brush with a wire brush when damp and again when dry.
